Non-Medical and Medical In-Home Support Services

Quality Care. Right at Home.

Fountain Community Healthcare Services provides affordable medical and non-medical care designed around each client's individual needs. Physician-owned and operated, our Ohio team provides skilled nursing, home care aides, therapy services, medical social services, and long-term in-home support.

All of our care professionals undergo a rigorous screening process, including

- Background and reference checks
- Initial and annual skills evaluations
- License and/or certification verification
